STANDARD POWDER COAT COLORS

The steel framework used in the UltraCoat® product line delivers one of the industry's most durable protective coatings. Lion Outdoor® further enhances the durability by applying a superior powder coated finish. The process provides five layers of protection from harmful environmental elements, with very little maintenance.

05U-7GC | ULTRASITE® UMBRELLA

The unique fiberglass support rib construction ensures strength, resilience, and durability and holds up to the harshest weather conditions—intense sunlight, high winds, salt air, and driving rain—and will not decay or lose its shape. Our flexible fiberglass ribs absorb wind gusts without breaking and last four to five times longer than traditional steel or wood ribbed umbrellas.

- Two piece post construction
- (6) 3/8" diameter fiberglass ribs
- Each umbrella weighs 15 lbs (plus packaging)
- Molded nylon joints and end tips
- .065" thick aluminum post
- Umbrella post diameter 1-1/2" O.D.
- Anodized and powder coated finishes
- Crank lift mechanism
- Top with valance in vinyl coated weave only
- Alternating colors are not available
- Umbrella holder (PB16) sold separately
- See below for color options
